

Temporary closure of Prospect Highway, Blacktown from 5pm Saturday 9 January to 2am Sunday 10 January.

The NSW Government is upgrading Prospect Highway between Reservoir Road, Prospect and St Martins Crescent, Blacktown to reduce congestion and help meet future demands on this corridor.

Transport for NSW is continuing early work as part of the Prospect Highway upgrade on Prospect Highway and Blacktown Road. This work includes removing trees along Blacktown Road to allow us to relocate the existing electrical network near the Keyworth Drive and Lancelot Street intersection.

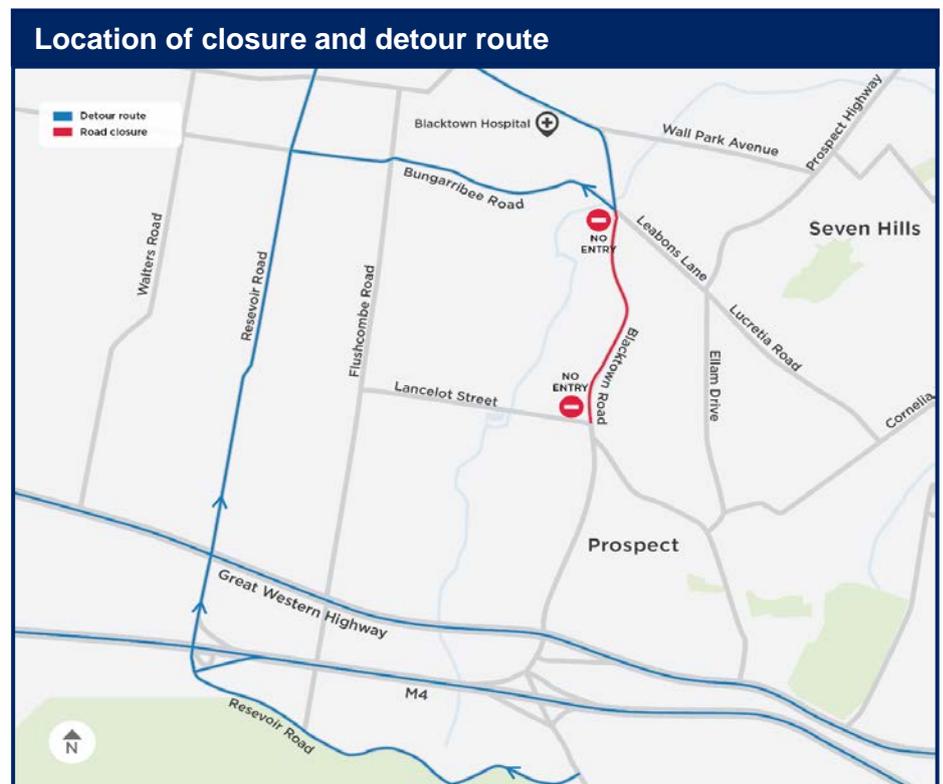

This work can only be carried out safely with a full closure of the road in this area. We will carry out this work starting at 3pm with a full closure from **5pm Saturday 9 January to 2am Sunday 10 January 2021** of Blacktown Road between Bungaribee Road and Lancelot Street.

Traffic changes

During the temporary closure, a detour will be in place via Bungaribee Road and Reservoir Road. There will be traffic changes during our work hours to ensure the work zone is safe. Please keep to speed limits and follow signs and traffic controllers' directions.

All local streets in the area surrounding the closure will have access from other directions. There will be no restrictions on Lancelot Street and Flushcombe Road.

Buses will have controlled access along Blacktown Road. All bus stops in the closure area will still be available, and buses will run to regular timetables.

Access to the St Martins Village Shopping Centre will still be available via Bungaribee Road.

Road users are expected to experience delays on the detour route during the closure. Please plan ahead, allow extra travel time for the detour route, use alternative routes or avoid the area where possible.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Our work schedule

We will be onsite for one **night shift** from **Saturday 9 January to Sunday 10 January 2021**, weather permitting. Should we be unable to complete the work we will reschedule for Saturday 16 January 2021.

Work will commence at **3pm** with the full road closure from **5pm to 2am**.

Contact

If you have any questions please contact our delivery partner, Ausconnex, on 0466 520 143 or prospecthighway@transport.nsw.gov.au

Tree removal

A number of trees are identified for removal as part of the approved plans for the Prospect Highway upgrade. Details of the tree removal required for the project is contained in the approved Review of Environmental Factors, available at the project website.

The trees to be removed during this work are located where we need to adjust and relocate utilities for the road widening that will ease congestion and improve travel times in the area.

The road upgrade includes planting new trees and vegetation as part of the project's landscape design. Transport is continuing to engage with Blacktown City Council on the final landscaping design for the project, to best fit with the character of the local area.

How will the work affect you?

We understand that work to remove these trees may be noisy. However, to minimise disruption to the road network, we need to carry this work out at night. We appreciate the understanding of local residents and will endeavour to finish all noisy work by 11pm.

We will carry out this work in accordance with the NSW Environmental Protection Authority (EPA) and the Environmental Protection Licence (EPL) requirements.

Thank you for your patience during this important work.

Translating and Interpreting Service
