

# Improvements to Stacey Street & Fairford Road, Bankstown

## Project update

Transport for NSW | February 2020

Construction is continuing on the widening of Stacey Street northbound to provide an additional lane between Macauley Avenue and Stanley Street and upgrade the intersections of Macauley Avenue and Stanley Street.

We have setup the site compound and commenced preliminary work including site testing, verifying where utilities are located and clearing of vegetation.

### Project benefits

- Reduced congestion on Stacey Street and Fairford Road by providing additional north and southbound lanes on Stacey Street
- Easier access into and out of Macauley Avenue for road users by providing dual right turning lanes and a dedicated bus lane onto Fairford Road
- Improved traffic flow into Stanley Street from Stacey Street by extending the right turning bay
- Improved travel time, journey reliability, and safety for all road users

### What's happening next

- removal of the pedestrian footbridge over the storm water channel on Stacey Street
- installation of temporary traffic signal and concrete barriers and line marking removal
- installation of utilities
- construction of a retaining wall
- reshaping of existing median islands
- construction of new pavement, kerb, gutter and pram ramps
- tree clearing

### Our work schedule

We will be on site for up to 25 night shifts from Wednesday 29 January to Thursday 9 April, weather permitting. Our night shift hours will be between 9pm and 5am Sunday to Thursday.

We will continue working during the day. Our day shift hours are between 7am and 6pm Monday to Friday and 8am and 1pm on Saturday.

### Traffic changes

From mid-February, temporary changes will be made to the northbound lane configuration along Stacey Street to allow work to carry on during the day. The northbound fast lane will be diverted onto the southbound side of Stacey Street from Macauley Avenue to Stanley Street.

Southbound lanes will also be reduced from three to two to facilitate construction on the northern side. See map overleaf.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

### Contact

If you have any questions about this project, please contact our delivery partner, Burton Contractors, on 1800 961 011 or [sfb-stage1@burtoncontractors.com.au](mailto:sfb-stage1@burtoncontractors.com.au)
