

Intersection improvements on Stacey Street and Fairford Road, Bankstown

Project Update – Stage One | March 2019

Work zone Stacey Street, Bankstown

The NSW Government is delivering improved journey reliability on Sydney's key southern corridors.

Roads and Maritime Services is widening Stacey Street between Salvia Avenue and Macauley Avenue to provide three southbound lanes. We are also extending the existing dual right turn bay on Stacey Street for road users turning right into Macauley Avenue. This will deliver improved traffic flow and travel reliability, connecting motorists to southern Sydney, the Sydney CBD and Sydney's west more easily.

Key benefits

On completion of construction, the improvements to Stacey Street and Fairford Road, Bankstown are expected to provide:

- improved travel time and reliability
- reduced congestion
- improved road safety for all road users
- improved efficiency of Stacey Street and Fairford Road along the A6 corridor and at the intersections with Stanley Street, Salvia Avenue and Macauley Avenue.

Location of work on Stacey Street Bankstown

What happens next?

Work required to finish Stage One of the project includes:

- completing construction to widen the road on Stacey Street southbound to accommodate the additional lane and extend the right turn bay
- installing new guard rails along the storm water culvert on Stacey Street
- landscaping
- completing asphaltting and line marking.

Our work schedule

On site: up to six days a week for 20 shifts, between **7am** and **6pm** on **weekdays** and **8am** to **1pm** on **Saturday**. Up to five nights a week for 15 shifts between **8pm** and **5am** from **Sunday** to **Thursday**.

Work is expected to be completed by **the end of April 2019**, weather permitting.

How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact, including working in different locations and completing the noisier activities by midnight.

Work to date

Since work started we have:

- installed new kerbs and street lights on Stacey Street between Salvia Avenue and Daphne Avenue
- installed new storm water drains on Stacey Street between Salvia Avenue and Daphne Avenue
- commenced construction to widen the road on Stacey Street southbound to accommodate the additional lane and extend the right turn bay.
