

October 2019

Investigation work

Sydney Park Road and Princes Highway intersection, St Peters from 14 October 2019

We're planning improvements to the intersection of Sydney Park Road and Princes Highway in St Peters.

To help us with our plans, we will survey and investigate utilities and drainage from 14 October to mid-December 2019, weather permitting.

We will work intermittently across the locations shown on the map over the page.

Our work schedule

Our day shift work hours are **Monday to Friday 7am to 6pm; Saturdays 8am to 1pm** and night shift work hours are **Sunday to Friday 8pm to 5am**. No work will be carried out on public holidays.

The work will take around 20 day shifts and 14 night shifts, over an 11 week period, weather permitting.

How will our work affect you?

Our work involves ground survey, remote sensing and radar to locate the utilities. There may be some intermittent light vehicle movement (vans and utes) as most of the survey work will be done on foot. The work will not involve noisy machinery.

Traffic changes and pedestrian access

There will be some temporary lane closures during the work which may affect your travel times. Please keep to speed limits and follow signs and directions from our traffic controllers. There will be no changes to pedestrian, cyclist or bus stop access during the work.
