

Temporary weekend road closure on The Northern Road and Glenmore Parkway, Orchard Hills from Friday 10 July

The Australian and NSW Governments are jointly funding this work as part of the \$1.6 billion upgrade of The Northern Road between Narellan and South Penrith.

Transport for NSW is continuing work on The Northern Road upgrade between Glenmore Park and South Penrith. This work includes replacing the existing roundabout at Glenmore Parkway and Wentworth Road with new traffic lights and a service road to Penrith Golf Club.

Upcoming weekend road closure

To progress important work on this section of the project, we need to temporarily close access from The Northern Road to Glenmore Parkway and Wentworth Road, Orchard Hills for a full weekend from **8pm Friday 10 July** and reopening to traffic at **4am Monday 13 July**, weather permitting.

This extended closure is necessary to ensure road users and our workers are safe and we can carry out this work as efficiently as possible.

Traffic changes

Temporary traffic changes will be in place to ensure the work zone is safe for workers and road users. Electronic message signs will also be in place to direct road users through these changes.

Detours will be in place during the road closures. Access to Glenmore Parkway will be via Bradley Street and Glengarry Drive, or alternatively, Garswood Road and St Andrews Drive. Access to Wentworth Road will be via Frogmore Road and Kingswood Road.

Access to Penrith Golf Club will be left in/left out only via The Northern Road. Road users travelling southbound will need to perform a U-turn on Bradley Street at the Glengarry Drive intersection.

Road users are encouraged to avoid the area if possible, during the closure and instead use the Mulgoa Road entrance and exit to Glenmore Park.

Please plan ahead and allow extra travel time for the minor detours that will be in place.

Temporary traffic lights in place

Following this work, the roundabout at Glenmore Parkway and Wentworth Road on The Northern Road will be replaced with temporary traffic lights, which will be operational from **4am Monday 13 July**.

How will the work affect you?

During our work, we will make every effort to minimise the impact on residents and businesses by:

- using non-tonal reversing beepers on machinery
- turning off equipment and vehicles when not in use
- using lighting towers only when necessary
- directing noise generating equipment away from resident properties where possible.

The project team will use a variety of machinery excavate the existing road and install drainage, including excavators, bogie trucks, road saws, heavy and light vehicles, lighting towers, and power and hand tools.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions or complaints, please contact our delivery partner Lendlease on 1800 870 665 or TNR.community@lendlease.com. Thank you for your patience as we carry out this work.
