The Northern Road upgrade - changes to construction hours

Transport for NSW is continuing work along The Northern Road between Glenmore Park and South Penrith, as part of The Northern Road upgrade

To support industry and continue the delivery of critical infrastructure, the NSW Government has introduced new rules allowing construction sites, including public infrastructure projects, to operate on weekends and public holidays.

Under the new rules, work on weekends and public holidays is limited to weekday hours and cannot involve high noise generating work such as rock breaking and pile driving or similar activities.

These changes have been made to facilitate social distancing on construction sites and support the health and wellbeing of workers.

From Saturday 16 May, there may be work on this project during extended hours on **Saturdays**, **Sundays** and **Public Holidays** from **7am to 6pm**.

Transport for NSW understands extending construction hours to weekends and public holidays may cause disruption for the community but all efforts will be made to minimise impacts where possible and ensure strict environmental conditions relating to noise, vibration and dust management are adhered to.

Transport for NSW is following the directive of NSW Health and is proactively addressing the situation as it evolves with expert advice from health and operational professionals.

All community members and stakeholders are thanked for their patience as work continues on important transport infrastructure across NSW.

Contact

If you have any questions or complaints, please contact our delivery partner Lendlease on 1800 870 665 or TNR.community@lendlease.com. Thank you for your patience as we carry out this work.
