

## Change of date for night work and Castle Road closure

### Night work and temporary closure of Castle Road, Orchard Hills

The Australian and NSW Governments are jointly funding this work as part of the \$1.6 billion upgrade of The Northern Road between Narellan and South Penrith

Transport for NSW is continuing work along The Northern Road between Glenmore Park and Jamison Road. As part of this project, we now need to carry out some key work in the area around the intersection of The Northern Road and Castle Road. This work will mean that we temporarily need to close access between Castle Road and The Northern Road for around six weeks.

## Location, date and time of work

To minimise impact on road users, we will commence this work at night on Castle Road from 9pm **Wednesday 26 February to 5am Thursday 27 February 2020**, weather permitting. Access to Castle Road from The Northern Road will be closed during this time and will remain closed for around six weeks. A temporary access road will be in place for Flower Power customers during this closure.

## How will the work affect you?

During our work, every effort will be made to minimise the impact on residents by;

- keeping you informed of activities that will directly impact residential access;
- changing our construction methods to reduce night work impact
- scheduling noisier activities in the earliest part of the shift, where possible
- using equipment fitted with noise mitigation devices and monitoring noise at night.

## Plant and equipment

The project team will use heavy and light vehicles, lighting towers, and power and hand tools.

## Traffic changes

Temporary traffic changes will be in place to ensure the work zone is safe for workers and motorists. Detours will be in place to access The Northern Road via Frogmore Road and Kingswood Road, and Caddens Road and Bringelly Road.

Electronic message signs will also be in place to direct road users through these changes.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

## Contact

If you have any questions or complaints, please contact our delivery partner Lendlease on 1800 870 665 or [TNR.community@lendlease.com](mailto:TNR.community@lendlease.com). Thank you for your patience as we carry out this work.
