BUILDING OUR FUTURE

May 2020

Work continues on The Northern Road between Eaton Road, Luddenham and Glenmore Parkway, Glenmore Park

Transport for NSW will continue work on The Northern Road from Eaton Road, Luddenham to Glenmore Parkway, Glenmore Park **from 1 June to 30 September 2020.**

As part of this work, we will turn on the new traffic lights at Littlefields Road and remove the temporary roundabout between Gates Road and Littlefields Road.

During this time we will also need to carry out two temporary road closures to progress important work on the project. The closures will be for one full weekend each at the following locations:

- Elizabeth Drive between The Northern Road and Luddenham Road, Luddenham
- The Northern Road between Elizabeth Drive and Park Road, Luddenham

We will provide further updates and information about these planned closures, to directly impacted residents and businesses before the work.

We recently completed building the concrete batch plant at our main site compound. This allows us to produce high-quality concrete used in the construction of The Northern Road. By having a batch plant on site we can see reduction in emissions and driver fatigue as there is a shorter travel time for trucks carrying concrete.

We will also continue to carry out work across the whole project area which includes:

- installing, removing and maintaining traffic control measures including placing barriers and signage
- investigating and relocating utilities
- construction and road surface work and vegetation clearing
- line marking and removal and general maintenance of work area.

In line with current Australian Government guidelines around slowing the spread of Coronavirus and social distancing, all work on site is being carried out at a safe physical distance where possible and necessary hygiene practices will be observed. To support industry and continue the delivery of critical infrastructure, the NSW Government has introduced new rules allowing construction sites, including public infrastructure projects, to operate on weekends and public holidays

To ensure the safety of workers and motorists and to minimise the disruption to the road network, we will need to carry out some work outside standard construction hours which are now Monday to Sunday – 7am to 6pm (inclusive of public holidays).

When we will carry out work outside standard construction hours, we will notify directly impacted residents and businesses.

How will the work affect you?

There will be some noise associated with our work. However, we will make every effort to minimise noise by:

- adapting our construction methods to reduce noise impact as much as possible
- arranging work in stages at different locations to provide respite.

Traffic changes

There may be temporary traffic changes to ensure the safety of workers and motorists. Please observe the displayed speed limits and follow the direction of traffic controllers and signs.

For further information, please contact the project Community Relations Manager on 1800 703 457 press 1 then press 5 or email thenorthernroad@rms.nsw.gov.au or rms.nsw.gov.au/thenorthernroad. If you would like to be included in regular project updates to the community please let us know by sending an email to thenorthernroad@rms.nsw.gov.au

Thank you for your patience during this important work.
