New traffic lights at The Northern Road and Elizabeth Drive, Luddenham active from 8am on Saturday 29 August

Transport for NSW is continuing work on The Northern Road between Eaton Road and Littlefields Road, Luddenham. As part of this work, we will switch on a new set of traffic lights at the intersection of The Northern Road and Elizabeth Drive, Luddenham and provide a new u-turn bay on Elizabeth Drive for traffic heading west.

Temporary closure of The Northern Road between Park Road and Elizabeth Drive, Luddenham from Friday 28 August to Saturday 29 August 2020

To remove the existing roundabout and complete the new intersection, we will need to temporarily close The Northern Road overnight. We will work continually from 8pm Friday 28 August to 8am Saturday 29 August 2020. Detours will be in place via Badgerys Creek Road, Park Road, Mulgoa Road or Elizabeth Drive.
What will we be doing?
From 8pm Friday 28 August through until 8am Saturday 29 August 2020 we will work continually on:

- Completing work on the new traffic lights at the re-aligned intersection of The Northern Road and Elizabeth Drive to allow the intersection to open at 8am Saturday 29 August
- Removing the roundabout at the old intersection of The Northern Road and Elizabeth Drive
- Completing the westbound U-turn bay on Elizabeth Drive
- Road work to facilitate these changes including removing and replacing traffic barriers, traffic control, lane changes and line marking

In case we cannot work on the above dates due to weather, we will do this work from Friday 4 September until Saturday 5 September. If any further changes occur in our work schedule, we will provide an additional notification outlining the change of dates to directly impacted stakeholders.

How will the work affect you?
The work will involve using heavy machinery. Equipment used for this work will include excavators, trucks, lighting towers, cranes, traffic control and construction and line marking vehicles. We will attempt to complete the noisiest work prior to midnight.

Traffic changes
While this work is underway, we will maintain all local access for residents. Electronic message signs and traffic control will be in place to direct road users through these changes. At the end of this work:

- The new permanent traffic lights will be operational at the intersection of The Northern Road and Elizabeth Drive. The intersection will be fully available in all directions.
- The new westbound u-turn bay on Elizabeth Drive will be complete and operational
- Speed will be reduced to 60km/hr for 200m on each approach to the new intersection and for 1km of Elizabeth Drive
- The roundabout at the old intersection of The Northern Road and Elizabeth Drive will be removed
- The western section of Elizabeth Drive between The Northern Road and the new u-turn bay will become a cul-de-sac for local residents.

Please adhere to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
