BUILDING OUR FUTURE

April 2018

Night work and ramp closure on the M4 Motorway at The Northern Road, South Penrith from Wednesday 11 April 2018

The Australian and NSW governments are jointly funding this work as part of the \$1.6 billion upgrade of The Northern Road between Narellan and South Penrith.

Roads and Maritime Services is continuing work to build a new bridge over the M4 Motorway at The Northern Road, South Penrith.

Work includes installing and adjusting temporary barriers, building temporary access roads and temporary pavement, installing or changing signage and line marking.

As part of this work, the M4 westbound off-ramp at The Northern Road will be closed overnight from **10pm on Wednesday 11 April** to **9am on Thursday 12 April**, weather permitting.

We are carrying out this work at night to minimise traffic impact and improve safety for workers and motorists.

How will the work affect you?

Our work may be noisy at times and will involve cranes, saw cutting, loading and unloading trucks and, hand tools. Every effort will be made to minimise impact on residents by:

- changing our construction methods to reduce night work impact as much as possible
- changing between work locations to minimise continuous impact on the same groups of residents
- using equipment fitted with noise mitigation devices
- monitoring noise at night.

Traffic changes

Detours will be in place during the westbound off-ramp closure. There may be traffic queueing during the Thursday morning peak period so expect delays and allow extra travel time. We have included a map to show the location of work and detour route.

In addition, we will be adjusting barriers on the shoulder of the M4 Motorway westbound off-ramp at The Northern Road. This shoulder will remain closed until mid-2019. Please travel with caution and allow extra travel time as there may be delays and queuing.

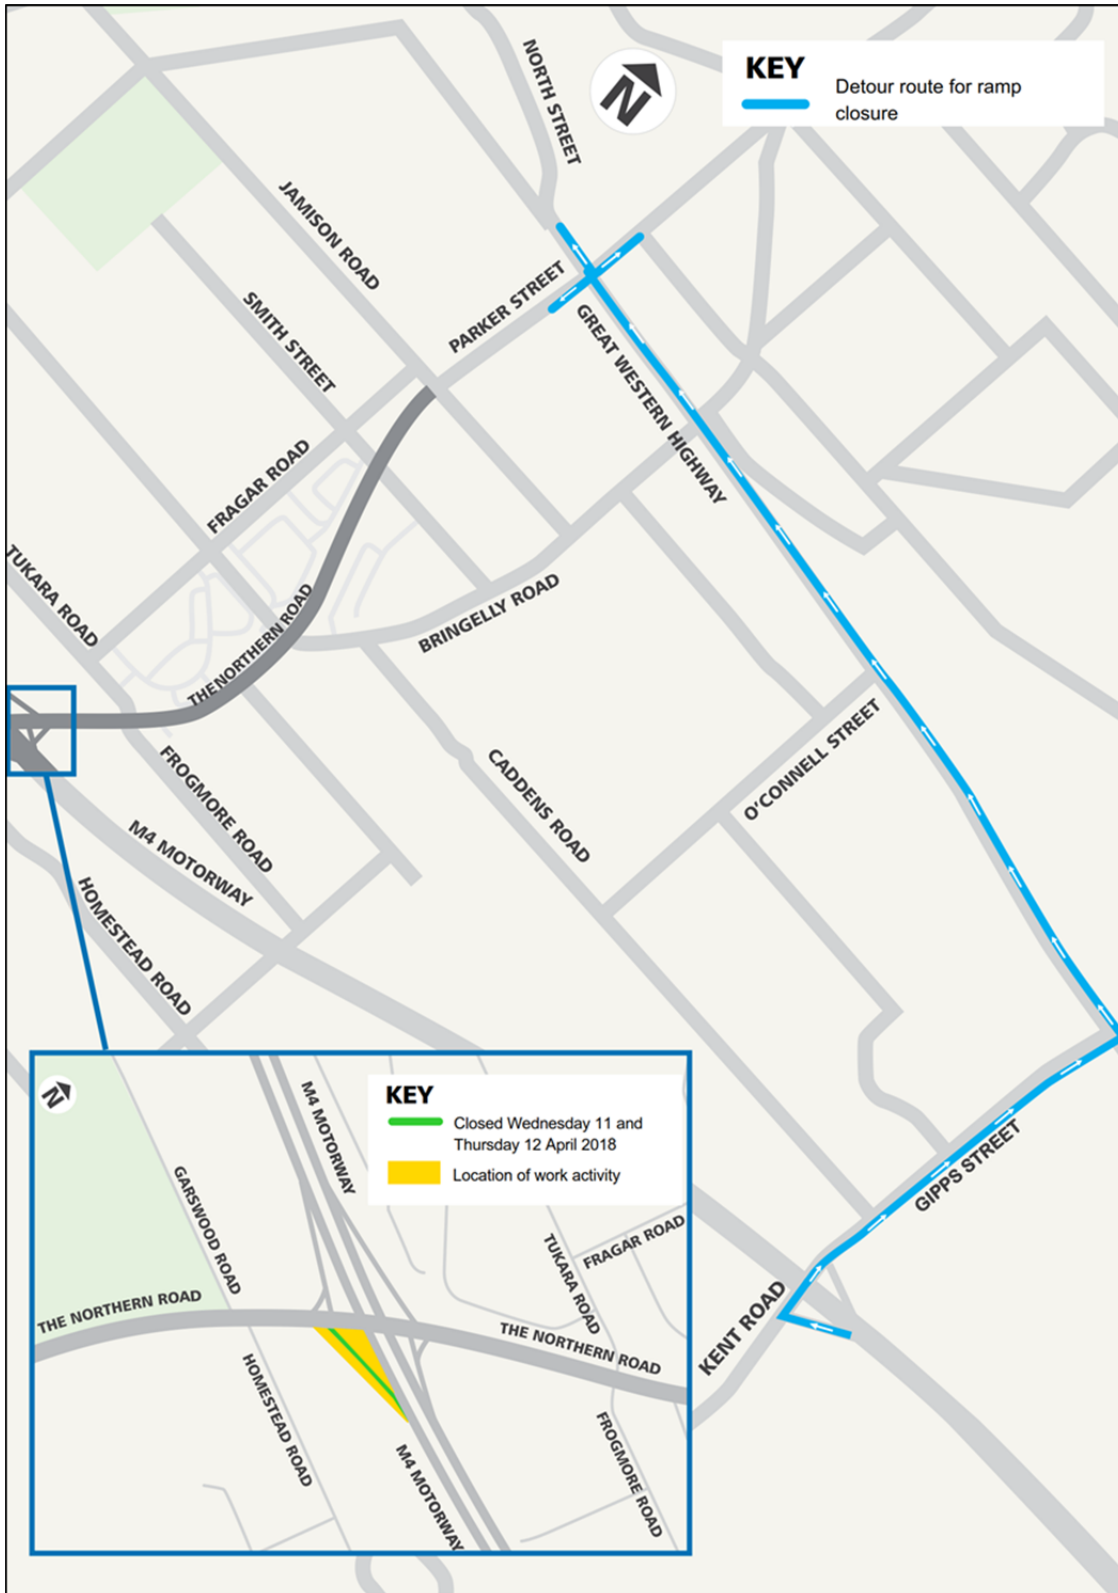

Please keep to speed limits and follow the direction of detour signs and traffic controllers. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
