

Mr Jeffrey Gilham
Senior Project Manager
Western Sydney Office
Technical and Project Services Division
Roads and Maritime Services
PO Box 973
Parramatta CBD NSW 2124

Dear Mr Gilham

The Northern Road Upgrade Project (SSI-7127) – Ancillary Facility Management Plan for Stage 5 (condition A16)

I refer to your correspondence dated 22 January 2019, and supplementary correspondence dated 15 February 2019 seeking the Planning Secretary's approval of the Ancillary Facility Management Plan (AFMP), under condition A16 of the project approval.

I note that the AFMP details the establishment and use for the main ancillary facility (C16) located on The Northern Road and Littlefields Road, Mulgoa and five other ancillary facilities (C14-15 and C17-19) to be established subsequently, in accordance with the facilities identified in the EIS. The AFMP includes an environmental risk assessment for C16 and notes that additional risk assessments will be prepared prior to establishment of the other facilities. I note also that consultation has been undertaken with the Environment Protection Authority and Penrith City Council, in accordance with condition A16.

I have reviewed this information and consider that it generally satisfies the requirements of condition A16, with further updates required as additional risk assessments are completed. Accordingly, I approve the Ancillary Facility Management Plan (v2) dated 12 February 2019, subject to the minor editorial correction listed in the attachment and the update described below being made to the final version of the AFMP.

Mitigation Measure VIS5 should be revised to include additional road lighting, sited to avoid blinding road users, as requested by Penrith City Council

I also remind you that any out of works that exceed the noise levels specified in condition E26(d) should only be undertaken in accordance with the Environment Protection Licence.

If you have any queries regarding this matter, please contact Jacqui McLeod, Team Leader on 02 9273 6454 or jacqui.mcleod@planning.nsw.gov.au

Yours sincerely

 27-2-2019

Erica van den Honert

Director, Infrastructure Management
As delegate of the Planning Secretary

Attachment – Editorial corrections

1. Delete Annexure A which is not referenced in v2; contents page and numbering of other annexures need to be updated, accordingly.
