Dear Mr Standen

Windsor Bridge Replacement Project (SSI – 4951) – Approval of alternate Environmental Representative (condition D14)

I refer to your correspondence dated 18 June 2018, requesting the approval of Mr Cameron Weller of Hutchinson Weller as the alternate project Environmental Representative (ER).

I note that Mr Toby Hobbs was approved as the project ER on 6 April 2018.

I have reviewed Mr Weller's curricula vitae and am satisfied that he is appropriately qualified and experienced to undertake the roles and functions required of the alternate ER. I am also satisfied that Mr Weller is independent of the design and construction personnel for the project.

Therefore, I approve the appointment of Mr Weller as the alternate project ER. Please ensure you provide him with the required authority and independence to undertake the tasks under condition D14.

If you have any queries or require clarification on this matter, please contact [REDACTED] Senior Planning Officer - Roads on [REDACTED]

Yours sincerely
