

Graham Standen  
Senior Project Manager  
Windsor Bridge Replacement Project  
Roads and Maritime Services  
Locked Bag 928  
North Sydney NSW 2059

Dear Mr Standen

**Windsor Bridge Replacement Project (SSI-4951) – Heritage Manager and Heritage Consultant Team for construction works (Condition C4)**

I refer to your correspondence dated 18 April 2018 seeking the Secretary's approval of the nominated Heritage Manager and Heritage Consultant team under condition C4 of the project approval.

I have reviewed the nominations and curricula vitae, and I am satisfied the nominees have the appropriate qualifications and experience to fulfil the specialist roles under condition C4. Accordingly, I approve the proposed nominations. Please ensure this letter and the names of the Heritage Manager and the Heritage Consultant team are made publicly available on the project's website, as soon as possible.

I remind you that condition C4 requires the approved Heritage Manager and Heritage Consultant team to:

- advise on the detailed design resolution of new works, inspect new works, advise on design and installation of services (to minimise impacts on significant fabric and views) and undertake on-site heritage inductions;
- provide input to the compliance reporting required under condition D6; and
- prepare a report for the Secretary's approval within 6 months of the completion of works.

If you have any queries regarding this matter, please contact [REDACTED] or [REDACTED]

Yours sincerely

Stacy Warren  
Director Infrastructure Management  
As Delegate of the Secretary

**Approved Heritage Manager and Heritage Consultant Team:**
