Dear Mr Standen

Windsor Bridge Replacement Project (SSI-4951) – Strategic Conservation Management Plan (Condition B1)

I refer to your correspondence dated 14 February 2018 seeking the Secretary's approval of the Strategic Conservation Management Plan under condition B1 of the project approval, comprising:

- *Thompson Square and Windsor Bridge Replacement Program Project Area, Windsor NSW Strategic Conservation Management Plan Volume 1: Site Identification, Historical Background and Heritage Status, Issue 4.4, January 2018*
- *Thompson Square, Windsor NSW Strategic Conservation Management Plan Volume 2: Physical Analysis, Assessment of Significance, Constraints and Opportunities, Policies and Implementation, Issue 3.7, January 2018*
- *Thompson Square, Windsor NSW Strategic Conservation Management Plan Volume 3: Windsor Bridge Replacement Project specific information, Issue 3.5, January 2018, and*
- *Thompson Square and Windsor Bridge Replacement Program Project Area, Windsor NSW Strategic Conservation Management Plan Volume 4: Consultation Report, Issue 2, February 2018.*

I have reviewed these documents and supporting information, and I consider they satisfactorily address the relevant requirements of condition B1. Accordingly, I approve the above documents. Please ensure these documents are made publicly available on the project's website, as soon as possible.

I understand that the Interpretation Plan under condition B1 is the subject of a separate consideration due to ongoing archaeological salvage work in Area 1. The Department is satisfied with this approach.

I remind you that all relevant conditions in the project approval must be complied with prior to the commencement of pre-construction and construction works on the project.

If you have any queries regarding this matter, please contact [REDACTED] or [REDACTED]

Yours sincerely

Stacy Warren
Director Infrastructure Management
As Delegate of the Secretary
